

Medical Forms

Written by Joe Krisciunas

Sunday, 23 December 2012 18:26 - Last Updated Tuesday, 09 April 2013 02:01

Jamboree participants must access the new online medical form to submit your Annual Health and Medical Record information from their Jamboree [registration dashboard](#) . The new online system supports Internet Explorer version 9 or later, Firefox version 14 or later, and Chrome version 21 or later. You may need to upgrade your browser if you are currently using an older version.

A user's guide for the new online medical form can be found [here](#) if you need assistance in completing your medical information.

Note that all medical forms are due to your contingent leader by April 12th so they can copy it and submit to the national Jamboree office before the April 15th deadline.

Reminder: All jamboree participants, adult leaders, and staff must submit a physician-signed BSA Annual Health and Medical Record dated no earlier than August 1, 2012 and no later than April 15, 2013.
