Capital Campaign Update

Campaign receives **CHALLENGE** for a matching gift.

A challenge has been issued to our campaign by an anonymous donor. Between November 19 and December 31 this donor will match \$0.50 on a dollar for every dollar contributed up to \$200,000. This is a great opportunity to raise an additional \$300,000 for Camp Michaels.

If you would like to double your gift, please send in the attached form by mail or email to tom.dugger@scouting.org.

This gift must be a new gift in order to be counted for the match. Even if you have made a previous commitment, you can make a new pledge by increasing your gift to receive the match. Don't miss this challenge to double your contribution. For more information call Tom Dugger at 513-577-7681 or 513-317-2336 cell.

Giving Update

To date over 100 donors have made commitments totaling over \$5,000,000.

New Gifts

 - Bridge Design
 - Major Structures

Sustainability Update

The Sustainability Committee is working to develop the sustainability program. We will rebrand the proposed "Nature Stations" to "Sustainability Stations". A sustainability station is a stand up learning center where visitors to Camp Michaels will gain valuable insights into features of our sustainability education program. Currently, three stations are scheduled to be built with three more under consideration. Watch for more details.
