What is Cub Scouts?

Cub Scouts is all about experiencing **unique and fun adventures** with your family while learning every step of the way. The entire family can participate together—brothers and sisters, **boys and girls**. As a parent, you want your child to grow up to be **self-reliant, dependable, and caring**. Scouting has these same goals in mind. Scouting weaves lifetime values into fun educational activities designed to assist parents in **strengthening character, citizenship, and healthy living**.

► The Benefits of Cub Scouting

TIME TOGETHER

Your time is valuable. Cub Scouting helps to support your family by providing ready-made opportunities for you and your child to do things together.

FRIENDSHIP WITH PEERS

Your child wants to belong to a group their own age. Through activities together, they build self-esteem and learn to get along with others.

FAMILY VALUES

Scouting teaches family values and encourages family activities that help to bond and grow your relationship with your child.

A PLACE TO GROW

It's not all about winning like on the sports field. Cub Scouting teaches your child to be the best they can be, provides a safe place to learn, and lets them try new and unique activities.
